# BAL BHARATI'S EDUCATIONAL PHILOSOPHY

Bal Bharati Public Schools are progressive, co-educational English medium schools. Hindi enjoys its place of pride as the National Language in the school curriculum. The schools built by the Child Education Society (Regd.) under the able guidance of **Mr. Nikhil Channa**, a distinguished educationist and philanthropist as the President, are set in congenial surroundings. They are housed in modern attractive buildings which are internet enabled and equipped with all requisite facilities, well stocked libraries, laboratories, computers, audio - visual equipment, facilities for creative arts, indoor as well as outdoor games and swimming pools.

# Message from the Principal

**Dear Parents,**

***Namaskar!***

The definition of education has undergone a change. As educators, we are compelled to re-format systems to be in consonance with 21st century objectives. Curriculum and pedagogy both must now cater to the production of a world class workforce. At Bal Bharati Public School Khandwa, our initiative is to inculcate learning agility, which means that we prepare people who can and will adapt to change and the future landscape. We aim towards conscious shifting from the less effective didactic forms of teaching which make learning an exercise in passivity. It is the school's aim to give our students direction not instruction. Our classrooms are learning centers which are functional, engaging, interactive and intellectually enriching. Through a carefully planned curriculum and innovative pedagogical practices, we strive to create a culture of academic excellence, and ensure that our students are confident and courageous with an enhanced sense of self-worth.

The school that is in its infancy, truly believes that the pursuit of success is incomplete without a deep regard for moral values and social responsibility. In a world crying out for global peace, we must equip the future citizens with values of love, trust, mutual respect, patience and tolerance, and prepare our children to not just make a living, but to make a life for themselves, and those around them, that is rewarding and purposeful in every sense of the word.

As we begin our new journey, taking blessings and guidance from mentors School Chairman, Mr. L.V. Seghal, C.E. MPPGCL SSTPP, Mr. A.K. Sharma, School Vice Chairman, Mr. S. K Godbole and School Secretary (Manager), Mrs. Punam Dogra, the team looks forward to a positive synergy among all our stakeholders so that we may lead our children to succeed and become change makers and architects of a world that is more equitable and genteel.

**Regards**  
**Jyoti Gupta**
