EXPERIENTIAL LEARNING AT ITS BEST

We, at Bal Bharati Public School SSTPP, follow the guidelines set by the National Education Policy. Glimpses of how our students enjoy the multi-disciplinary learning process through integrating mathematical and scientific concepts with literary and cultural influences, indulging through project-based learning, playing with different teaching aids and Montessori apparatus, are introduced to new ideas & concepts making their foundation of numeracy and literacy stronger, learning by doing through a gamut of experiments and interactive engaging tasks, resulting in an overall development of their core essentials and critical thinking skills.

 **MHRD** | Government of India
Ministry of Human Resource Development

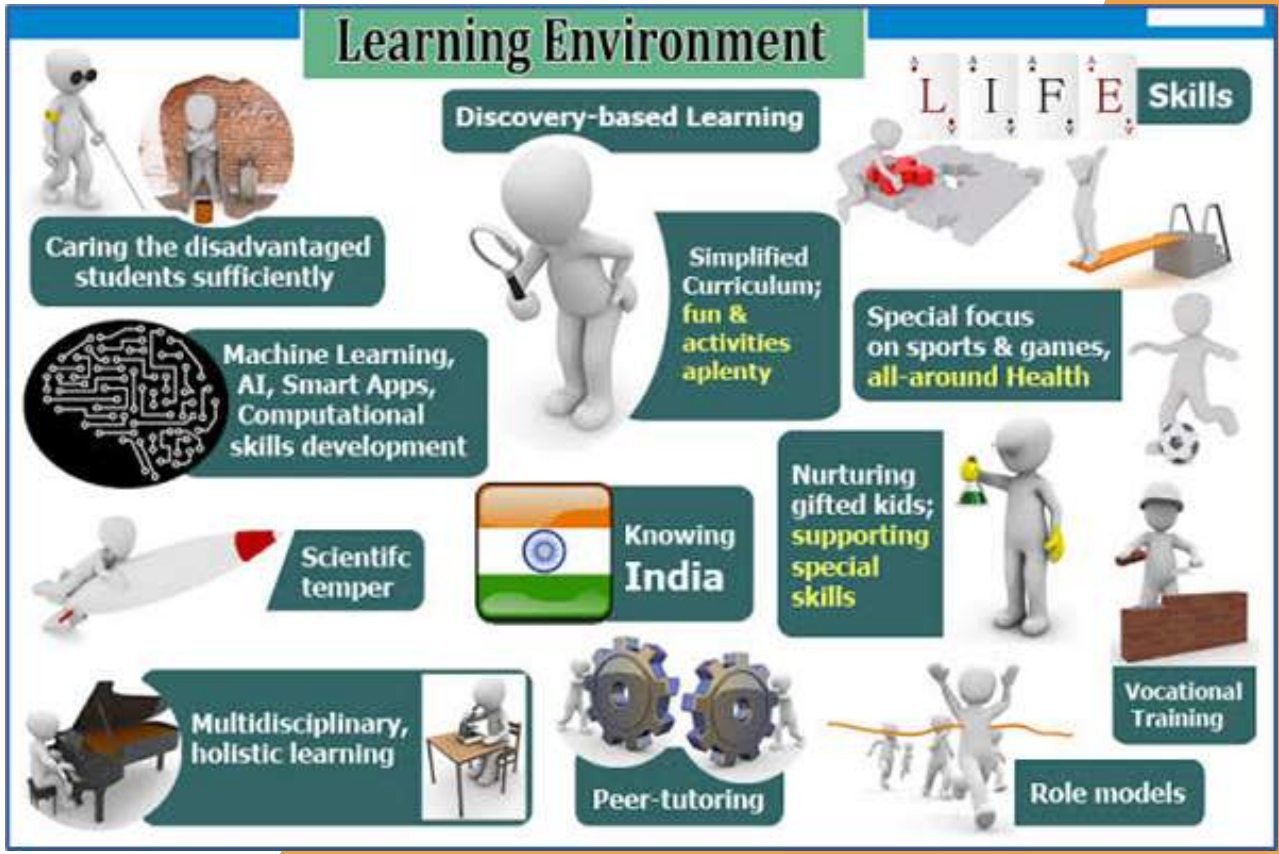

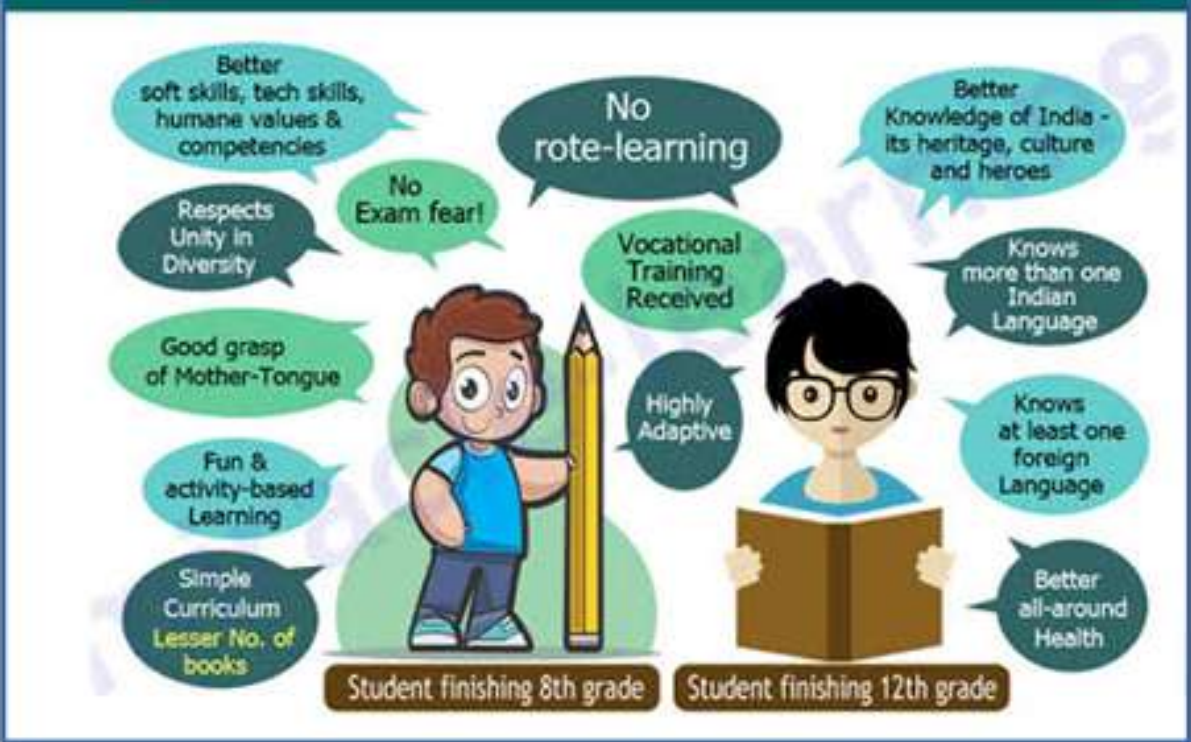

National Education Policy 2020

Reduction in Curriculum

Core Essentials Curriculum in all subjects to be reduced to its core essentials	Critical Thinking Focus on critical thinking, inquiry, discovery, discussion and analysis-based teaching and learning methods for holistic education	Interactive Classes Interactive teaching with reduced dependency on textbook learning; Questions from students will be promoted	Experiential Learning Fun, creative, collaborative, and exploratory activities in classroom for experiential learning and deeper student

Ideal Outputs of the School Education Policy

Subject Enrichment Activities (Preschool & Pre-Primary Wings)

English Activity: Identifying fruits & vegetables, animals & birds using picture tray helped children improve their vocabulary visualizing the pictures. It was a group activity done in a group of 5-6 students where children identify types of picture with its name. Children enjoyed this activity and learned the names by touching and recognizing the figures embossed on the tray.

Wooden Puzzle Board of domestic animals, birds, flowers for Kids better learning was given to the students of Mont in groups. Wooden Puzzle was solved by not only identifying letters but also developing their motor skills. Students with the help of the Montessori apparatus were able to identify colours also.

Variety of Montessori Apparatus are used efficiently in the classrooms of BBPS, Khandwa

Balloon Activity was conducted with students of Mont II. Through this, students learn the skill to improve respiratory muscle strength; maintenance or improvement of chest and lumbar mobility and correct breathing patterns. Students enjoyed thoroughly the activity that was conducted under the supervision of the sports teacher.

Abacus: The class was divided into groups where each group was given chance to rearrange the beads as per a number, repeat pattern arrangements and play counting games. Children enjoyed learning mathematics through the Montessori apparatus.

Lemonade Activity: It was conducted in the school where students learnt how to make lemonade as well as the healthy aspect of drinking it over other beverages. Children watched and helped the teacher in stirring the sugar and lemon mix. Also, they all relished the lemonade by drinking it in their classes.

Team Coordination Games

Mattie J T Stepanek once said that unity is strength, when there is teamwork and collaboration, wonderful things can be achieved. Team building activities for kids are known to teach them life skills that will have a lasting impact in the long run. Whether it is a football game or an orchestra, things can go wrong if the participants are not in sync. We at BBPS Khandwa teach our students through team building games to succeed as a team. This core skill is needed for succeeding in the classroom and workplace, later in life.

Games are played to teach students to coordinate among themselves, listen to instructions, and build physical strength and motor skills. Basics of Football is introduced to them in their Games periods.

Subject Enrichment Activities (Primary & Middle Wings)

EVS Traffic Safety Rules Activity, Class I

A class demonstration on safety rules was organized in class I to impart the importance of safety rules while crossing a road. A lot of real life examples were used to make the class interesting. Students were made aware about the signal lights, zebra crossing and turns etc. Further, the teacher also instructed the students to present a chart on the topic.

Abacus, Class II-III

Learning place value using abacus and calculation of 4 digit number without using pen and paper was taught. The activity enhanced critical thinking and divergent thinking, promoted visualization and insightful learning.

Concepts of Maths, Class II-III

Fun way to learn and understand the concept of tables through activity method as done for students of class II-III.

EVS & English Thank You Card Making Activity, Class III

Cards for community helpers was done for students of class III. This art integrated activity aimed for sensitizing children towards the helpers and care givers at their homes and school. It also enhanced their writing skills while attempting in writing a message for the helpers in the card.

EVS Nature Walk, class III

Students were made to learn about leaves and their types through taking them out in the garden and making them explore on their own about various plants. This activity helped students to explore nature and its diversity.

It encouraged students to observe with all their senses and use these experiences in their classroom learnings. It fostered cognitive and social development and makes learning more enjoyable

I AM ECO-FRIENDLY स्वच्छ भारत सुंदर भारत, Class III

Students of class III supported the cause of keeping their surrounding clean and had a cleanliness campaign 'I AM ECO-FRIENDLY स्वच्छ भारत सुंदर भारत'. The campaign encouraged students to keeping their surroundings clean. They were taught through this activity that waste or garbage should not be thrown anywhere, but only in trash bins. Students also understood that one should use recycled and eco-friendly products like paper or jute bags instead of plastics. Looking at class III, other classes also were motivated to participate.

Growing of Sapling Activity, Class IV

Students of class IV were instructed to set several wet paper towels in a jar. They were given instructions on how to grow sapling indoors. Students after labeling their jars, placed them by the window and waited for the plant to sprout. This helped students to understand the concept of germination through an activity.

Picture Description Activity, Class IV

A classroom activity where students of Class IV described pictures was done, the class was divided into 5 groups. Each group was given a separate picture and asked to write a few sentences as per their observation. The task concluded by students speaking about the picture in their class. The activity aimed at peer and collaborated style of learning, along with enhancing their writing, analytical and thinking skills.

EVS State Day Activity, Class IV

Students of class IV came dressed up in different states costumes and presented their states in front of their peers, in their class. They confidently spoke about different States, costumes, culture, tradition and their staple food.

Compressible Property of Gas, Class IV

The process of compressible of Gases was taught to students of class IV with the help of an experiment. Students were given a balloon to blow, tie and press to understand the comparison between solid, liquid and gas. In a fun and interesting way, students were taught the concept in their Science class.

Process of Transpiration, Class IV

Students performed this activity with the help of plants in the surrounding of the school and poly bags that they tied and covered a part of the plant. The purpose of gaining knowledge about role of water in plants was accomplished through this engaging activity. Through learning by doing, students were able to understand the process of Transpiration, which is water movement in a plant. Teacher also explained and answered their queries. Overall, it was a very insightful session, utilizing the plants in the school premises.

Solubility of Solid & Liquid, Class IV-V

Students of class IV-V conducted an activity on solubility of solid and miscible liquids.

Materials like salt, sugar and sand, oil, lime juice, vinegar from the everyday household needs were used to do this activity. Through learning by doing, the activity aimed at developing their thinking skills. In the end, the class also wrote in their own words the entire experiment and the results obtained. Children enjoyed the activity while learning a concept from their science lesson.

First Aid, Class IV

First aid is the medical treatment given to a person with an injury or sudden illness prior to the arrival of professional medical help. Students of Class IV studied first aid with an aim to lessen suffering, faster healing process, and minimize damage in case of minor accidents. The session highlighted its proper application that can bridge the gap between long-term disability, rapid recovery, and permanent injury. Students made projects and focused on the equipment kept inside a first aid box. They gave presentation about their findings in front of their classmates.

Bill Preparing and Cheque Filling Activity, Class IV-V

The activity not only aimed to connect mathematics with the real life situations but also developed skills of solving different mathematical operations, knowledge of bank operations, and introducing them to the concept of accounting, age appropriately.

Shloka Chanting Activity, Class V-VI

Shloka Chanting is regularly done in class V-VI in the Sanskrit classes as their Subject Enrichment activity and the demonstration of invocation of goddess Saraswati, invocation of Gurus, invocation for world peace are done in assembly from time to time by students.

Weaving Pattern Clothes, Class VI

An art integrated activity was conducted in class VI by Science teacher. The activity aimed at developing understanding of the concept of weaving pattern for clothes, and various styles of weaving required for different kinds of fabric like wool, jute, silk, cotton etc. Different swatches of fabric were asked to be pasted and presented in the class.

Chart Making Activity

Class VI

Historical Seeds

This helped students of class VI to learn about various seeds found during historical times and crops being grown. The activity also compared the crops grown in present times.

Different Zones of Earth

The activity helped students of class VI to learn various zones of earth and their latitudinal position. In addition to this, they also learnt about climate of the place and various resources found there.

Making of Solar System

The activity helped students of class VI to understand various planets of and their positions in the solar system.

Festivals

The activity helped students of class VI to learn about different types of festivals celebrated in our country, their importance, unity and diversity of our country.

Globe Making, Class VI

The activity helped students of class VI to learn various latitudes and longitudinal points on globe. They also got aware about different places located on the globe like: prime meridian, countries, continents, oceans, rivers etc.

Future Through STEAM

Science Technology Engineering Arts Mathematics

Science, Technology, Engineering, Art, and Math (STEAM) are collectively referred to as STEAM. The school conducted an exhibition to give exposure and hands on learning to young researchers and scientists of class I- VI of our school.

The STEAM exhibition nurtured the young minds and gave them a chance to explore and showcase their inner creativity and dedication. This was an initiative to go an extra mile and provide students with a platform to bring the core subjects of science, technology, engineering and mathematics, arts, all blended in a unique tapestry.

Besides acquiring a scientific temperament, experimental abilities and multiple ways of critical thinking, it also enabled our students to develop soft skills like communication, teamwork and time management.

The school management appreciated this endeavor of the students and teachers.

Newspaper Reading

Habit of newspaper reading on daily basis is really important for students. This provides them general knowledge and critical understandings also get enhanced. It increases the vocabulary bank of the students, along with improving their grammar and reading skills. Students are encouraged to read newspaper in their library periods at BBPS Khandwa.

Surya Namaskar

Bal Bharati Public School Khandwa follows the Fit India School routine exercises and Yogic Practices in the morning assembly. Students of Primary wing (Class I-VI) under the guidance of Physical Education Teacher learnt the skill of performing Surya Namaskar.

Surya Namaskar is the Sanskrit name for a specific sequence of twelve yoga asana, otherwise known as a Sun Salutation. It is one of the most widely known yoga practices, incorporated into several different traditions such as Hatha, Vinyasa and Ashtanga. While performing these 12 pose's students express gratitude to the sun for sustaining life on this planet. Besides being a great cardiovascular workout, Surya Namaskar is also known to have an immensely positive impact on the body and mind. A few minutes of Yoga during the day can be a great way to get rid of stress, anxiety and also declutters the body and the mind. Students enjoyed their yoga session and performed Surya Namaskar with full might and delight.

SPECIAL CELEBRATIONS

Teachers' Day

Teachers' Day was celebrated with great fervour and exuberance at BBPS Khandwa on September 5th, 2022. Students of all the classes danced, sang and performed skit on the occasion to express their love and gratitude to their teachers.

A lunch by SSTPP, MPPGCL was organized for the school staff on 4th September, 2022 that was relished by all.

Ganesh Chaturthi

in the Township

The school was invited to perform during the Ganesh Chaturthi Celebrations held on 8th September, 2022 in the Township. Parents of our school along with their friends and family happily watched their wards perform. The team of students and teachers received a lot of appreciation from senior plant officials as well.

Red Day

ROCK n ROLL

The RED DAY celebration was a wonderful learning event which helped children to sort and classify objects based on colours by reinforcing cognitive skills.

Strengthening of Home-School partnership was witnessed in the Officer's Club at SSTPP on 11th September, 2022 while celebrating Red Day for students of Preschool and Pre-Primary.

The Chief Guest and Guest of Honour of the day were Mrs Punam Dogra, School Secretary (Manager) and Mr A.K. Sharma, C.E., SSTPP, MPPGCL respectively.

The gathering saw vibrant and excited parents who wholeheartedly participated in the Mom & Child Fashion Show under the theme of Rock-N-Roll, Show and Tell by students of Nursery- Mont II, and group presentation by Mont II.

The event received appreciation from parents, distinguished guests and press.

International Day of Sign Languages

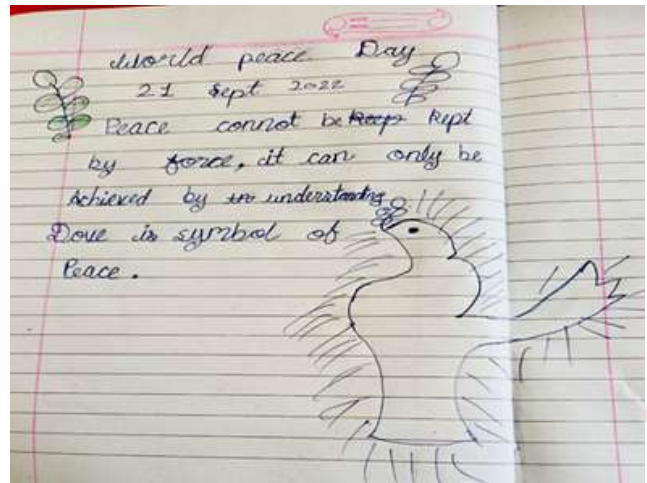

International Day of Sign Languages, 23rd September, 2022

The International Day of Sign Languages celebrated worldwide on 23rd September is a unique opportunity to support and protect the linguistic identity and cultural diversity of all deaf people and other sign language users. Students of BBPS Khandwa together worked on generating awareness about the importance of sign language in the full realization of the human rights of people who are deaf. The proctor model peer to peer learning was used to explain the relevance of International Day of Sign Languages where students of class VI went to all the classes I-V and spoke to their juniors about this day.

They also exhibited some common signs like clapping, thumbs up, thumbs down and good luck etc. to make them understand with examples.

International Day of Peace

International Day of Peace, 21st September, 2022

'If we are to teach peace in this world, and if we try to carry on a real war against war, we shall have to begin with the children.'

International Day of Peace is celebrated worldwide on 21st September, 2022. The school celebrated the day by doing various activities focusing on encouraging peace in the world.

Mont II recited a group poetry on the topic, 'Prem & Shanti'. Class III was engaged in writing slogans on the theme. Class IV-VI attempted letter writing wherein the students wrote a letter to PM of India giving suggestions on how to make our country more peaceful/ Mediation and Om chanting was also done in some classes during Music period. The students through the activities and thought-provoking discussions were able to relate to the day and relevance of celebrating this day, worldwide.

International Day of Democracy

The International Day of Democracy celebrated worldwide was marked at a special assembly on 12th September, 2022 by the students of Class V-VI by staging a thought-provoking Street Play on the theme. The play highlighted the essence of Democracy giving special emphasis on the salient features of India which is world largest Democracy.

Hindi Diwas

दिनांक 14 सितंबर 2022 को विद्यालय प्रांगण में हिंदी दिवस बड़े धूम-धाम और हर्षोल्लासके साथ मनाया गया।

कार्यक्रम की शुरुआत प्रधानाचार्या महोदया ज्योति गुप्ता द्वारा मुख्य अतिथि पूनम डोंगरा के स्वागत संबोधन से हुई। कार्यक्रम की अगली कड़ी में पांचवीं और छठवीं कक्षा के विद्यार्थियों द्वारा आकर्षक कवि-सम्मेलन का प्रदर्शन किया गया। बच्चों द्वारा कबीरदास, मीराबाई, सुभद्रा कुमारी चौहान और महादेवी वर्मा का किरदार निभाया गया और इनकी श्रेष्ठ पंक्तियों को सस्वर गाया गया। पहली, दूसरी और तीसरी कक्षा के छात्र-छात्राओं द्वारा मन-मोहक कविता पाठ भी किया गया। कार्यक्रम की मुख्य अतिथि विद्यालय की सेक्रेटरी मैनेजर पूनम डोंगरा ने बच्चों के प्रयास की खूब सराहना की और उनके उज्ज्वल भविष्य के लिए आशीर्वाद भी दिया।

उन्होंने हिंदी भाषा के महत्व पर भी प्रकाश डाला और बताया कि जीवन में निरंतर विकास के लिए सबसे बड़ा योगदान मातृभाषा का ही होता है। इस विशेष दिवस पर बच्चों द्वारा बनाई गई आकर्षक पेंटिंग भी उन्हें भेंट की गई।

Community Helpers Day, 30th September, 2022

Students of Preschool & Pre-Primary celebrated the Community Helpers Day on 30th September, 2022 by coming dressed up to school in uniforms and costumes of various kinds of workers who help in building a community. Students by looking at each other's appearance and listening to their peers understood the concept of Community Helper and the importance they play in the society.

CAPACITY BUILDING SESSIONS

@

parenting approach.**

Jagruk Beti'

Parent-Student Workshop

We are pleased to inform that the school organized on Thursday, 01st September, 2022 an interactive workshop on Adolescent Girls' Education titled 'Jagruk Beti', in the Officer's Club, SSTPP. The workshop was conducted by Dr Shubhangi Mishra Dave, MBBS. DGO. FMAS, Obstetrician and Gynecologist Laparoscopic Surgeon and attended by girls of Class V-VI along with our school's female teaching staff. We also invited the mothers of both girls & boys of Class IV-VI. The mothers were very appreciative and benefited from the insightful session

Healthy Oral Hygiene Workshop

The school organized a workshop on Healthy Oral Hygiene for the students of Preschool and Pre-Primary on September 27th, 2022 in the school premises. Dr. C. L. Gour, BDS, Dental Surgeon was invited to have an interactive session with the young learners.

Through the workshop, expert guidance was given to our students to help them to understand how to maintain better oral hygiene. The dentist spoke about good tooth brushing techniques and gave them advice on the kinds of food they should eat or avoid.

CBSE Budding Authors Programme

The CBSE Budding Authors Programme was launched on 23rd August 2022 with an aim to provide students from classes V upwards a platform to engage in reading different types of stories, explore their creativity, learn to write effectively and take pride in their work as they write and submit short stories and get a chance to see them published. Students of BBPS Khandwa also attended the online webinar from their respective gadgets at home on 08th September, 2022 that intended to support them in their writing journey, and provided them with actionable tips to develop their short stories. Students of class V-VI made the best use of this opportunity to enhance their writing skills.

Ayurveda se Sarvodaya Quiz by Namaste India Foundation

Mr. Divyang Trivedi, Sanskrit faculty and Ms. Shraddha Jain, Social Sc. faculty participated in the Ayurveda se Sarvodaya Quiz by Namaste India Foundation (8th-23rd October, 2022).

Online Teaching Course

Ms. Shradha Jain, Social Science Faculty participated in an online teaching course at 'Surassa', an international platform for various teaching courses. She successfully completed a course on Questioning Skills and Techniques Course. This course honed her skills to design question papers and learn about various aspects related to examination technique.

Seminar on ICT Landscape

An online seminar on ICT Landscape organized by Huawei in collaboration with Child Education Society, New Delhi was attended by Mr. Yash Kumar Pateriya, Computer faculty on 21st September, 2022. Aiming to boost the ICT talent pipeline and support the Digital India vision, the session introduced a unique program through which schools can deliver a short capsule of awareness session on ICT landscape and free courses available on Huawei site for school students of Bal Bharati Group. These courses ranged from 5G, AI, Cloud Computing, IOT, Data Storage, WLAN and Data Communication to Network related topics. These courses are very basic in nature and can invigorate curiosity and build knowledge of students from classes IX - XII.

II School Managing Committee Meeting

II SMC Meeting was organised on 13th September for all members to discuss the reports till date, and future development plans. Welcoming the members to the II School Managing Committee of the school, the Principal read out her report of the activities undertaken from 11th July, 2022 to 13th Sept, 2022. Minutes of the Meeting and Principal's report has been shared with all the members via mail.
