Bal Bharati PUBLIC SCHOOL SSTOPP, KHANDWA

*Today is our Foundation Day, a day etched with memories and great learnings.*

14th July, 2023  
Dear Parents  
Namaskar!

The word 'school' comes from the Greek word 'skhole' which originally meant 'leisure'. It gradually evolved and today this physical entity has been accepted as the primary learning platform in every corner of the world. The educational scenario has undergone a profound change and the catchword today is 'holistic learning'. Bal Bharati Public School SSTOPP Khandwa aims at igniting, empowering and educating students and bring about an overall improvement in quality of life and the contemporary society.

The school takes constant motivation from the ideology of one of the greatest educational philosophers, Swami Vivekananda, who said - "Education is the manifestation of the perfection already in man". We aspire to kindle young minds a sense of individuality, learn the art of decision making, instill leadership qualities, hone life skills and incorporate some basic qualities that relate to the development of one's inner self like modesty, humility and sobriety.

Our school firmly believes in the Japanese word 'Kaizen' which is 'change for good.' Information and Communication Technology (ICT) has revolutionized the learning process and as the need of the hour goes e-learning is considered as the fifth skill along with listening, speaking, reading and writing. This technology is used as an effective tool in the teaching-learning process. BBPS Khandwa will continue to implement progressive initiatives to accomplish the goals & vision and forge ahead towards education par excellence.

It is with immense pleasure that today we celebrate school's First Foundation Day. As we turn 'One', we look back to our mentors from both Child Education Society (Regd.), New Delhi and MPPGCL, various erudite academicians and engineers, our dear parents and well-wishers, teaching and non-teaching staff and above all our lovely students, who enabled us to grow in quality. Without the goodwill and support of all the stakeholders, the school could not have grown within such a short span of time.

No matter what people claim, the reality is that success does not make its way overnight! It's like a plant that has to be watered and nourished daily, right through its genesis as a sapling, to the time it blossoms with shimmering colours and even beyond. Hence forth, like always, it is our earnest pledge to keep developing better systems and procedures to make our students more independent as learners with a seeking mind and the desire to make a difference. With this vision and mission in mind, I wholeheartedly appreciate the trust our parents have shown in us. We extend our thankful wishes to you, dear parents, and promise that we would work harder for a better development of your children.

Best regards,  
Jyoti Gupta

# INTERNATIONAL YOGA DAY

The schools being convergent centers can play a path breaking role in the growth and development of the nation. Realizing this, Bal Bharati Public School, Khandwa, conducted a rejuvenating Yoga Session On 21st June, International Day of Yoga, in a grand way.

The School believes that education does not mean mere imparting of knowledge or facts but it encompasses an all round development of an individual. The school has been taking all initiatives to accomplish this milestone. The celebration of International Yoga Day was highly an exuberant event with the buoyant and enthusiastic participation of students, parents and teachers under the able guidance and presence of Yog Guru Dr Purnanand.

A new generation of students brings a new set of expectations. Young people have had electronic access to information all their lives and so their expectations from a school are different from previous generations. The school's library has to change with evolving needs and a digital library is an inevitable way forward.

It is now time to rethink how our physical spaces can integrate with students' electronic workspaces in a collaborative manner.

Bal Bharati Public School, Khandwa, takes pride in being one of the firsts in this imposing initiative.
